

Pellet Size Information

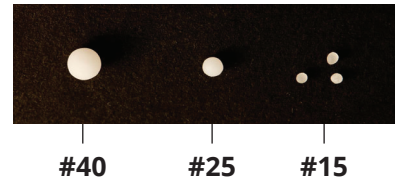

Single remedies in pellet form:

- All single remedies are made and packaged in glass.
- WHP* offers choices in dosage forms, potencies, pellet sizes and bottle sizes.
- More than 700 remedies
- Most customers prefer medicated sucrose/lactose pellets designed to dissolve under the tongue.
- 1/2 dram size is available for remedies which are in our kits.

Pellet sizes:

- #40 sucrose/lactose pellets are used for all bottle sizes and potencies unless requested otherwise.
- #25 sucrose/lactose pellets are available by request only.
- #15 sucrose/lactose pellets are standard in the 1/2 dram vial for kits.

Approximate Number of Pellets/Bottle:

Bottle Size	#15	#40
