

Standing for Faith, Family & Freedom  
02/13/2021

Charlie Johnston, in “Your Audience is God” blog on February 8, 2021 remarked how “we are all now embarked upon a great and fearsome pilgrimage.” My first thought: the Good News is we are also “*fearsomely and wonderfully made*” for the journey.

Was that your first thought? Or did you stop at fear and wonder at what is going on around us? St. Padre Pio would say to pray, hope and don’t worry. So, let us scamper on our way praying with hope and trust. Don’t worry God has this too.

There have been several items uploaded since last week to CORAC’s site in Region 7. Get plugged into [corac.co](https://corac.co) and the Community Forum to learn more. If you have questions of how to register and overcome challenges encountered, let me know by email or call. I will do what I can to help.

Some people have reached out requesting previous ACTION PACS newsletters to forward to friends and family. They are being converted into pdf files (the newsletters not the friends) and uploaded to Region 7 for easy reprinting or forwarding as an attachment.

### [I Now Better Understand the 'Good German' - The Dennis Prager Show](#)

“Half of America, the non-left half, is afraid to speak their minds at virtually every university, movie studio and large corporation — indeed, at virtually every place of work. Professors who say anything that offends the left fear being ostracized if they have tenure and being fired if they do not. People are socially ostracized, publicly shamed and/or fired for differing with Black Lives Matter, as America-hating and white-hating a group as has ever existed. **And few Americans speak up.” Just as few Germans did. *What about you?***

Quit worrying about what everybody thinks. When you come to the end of life, you're not going to stand before people and give an account of your life. You're going to stand before God.

I once attended a class where the speaker had said “there is no such thing as absolute truth.” If that were true, why is that statement viewed as absolute truth?

Several items H.R. 5717 is attempting to achieve but not least of which includes a 30% tax on future firearm purchases and a 50% tax on future ammo purchases. By increasing the taxes, they circumvent the 2<sup>nd</sup> Amendment.

*Pray the rosary every day.* Persist in its recitation and meditation, you will be awed by what begins to happen. The rosary is so much more than rote prayers said without thinking. More in the future regarding the gift of the rosary.

We, the living, are called the Church Militant, because we are actively engaged in the spiritual and temporal battles of good and evil. Those who have died and gone before us and attained their heavenly reward are called the Church Triumphant, while those now in purgatory, are called the Church Suffering. I encourage you to ask the Church Triumphant and the Church Suffering to join you in prayer. Ask loved ones who have died to join you in prayer, especially the rosary and the Mass, for us and for you. Assure your loved ones of your prayers for them.

I am humbled to see the Hand of God working through so many people of good will in their writings and videos. As evil continues to close in, the grace of the Holy Spirit is poured out even more.

### **Communications**

CORAC is still in the process of establishing communication frequencies. Region 7 can use your help. Please reach out to HAM radio operators of good will and those acquiring their HAM radio license. *Only individuals possessing a HAM radio license issued by the FCC can transmit over HAM radio frequencies.* You do not need a license to listen on HAM radio frequencies. Please email me if you are personally interested in acquiring your license or personally know someone who is.
