

Standing for Faith, Family & Freedom

Region 7 (the Breadbasket)

05/22/2021

Trust. A dictionary defines trust as “reliance on the integrity, strength, or ability of a person or thing.” It means depending on someone or something other than ourselves. Trust reveals our vulnerability or weakness to others. But trust cannot occur without humility. It is only in humility that someone can share their weakness. And it is in trusting the strength of another to safeguard our weakness.

So, what is the hope of sharing our weakness with others? Scripture speaks to this when St. Paul wrote: “... but He said to me, “My grace is sufficient for you, for my power is made perfect in weakness.” I will all the more gladly boast of my weaknesses, that the power of Christ may rest upon me.” 2 Corinthians 12:9.

Oh, happy weakness: humility, trust, and the power of Christ. Get boasting.

ANNOUNCEMENTS AND EVENTS AROUND THE REGION

- **CORAC'S Faith, Family, and Freedom Conference** is scheduled for June 25-27, 2021, in Rapid City, SD at the Cedar Canyon Camp. **Learn more here: [Faith, Family & Freedom Conference](#)**. There are many hotels in Rapid City. The summer is their BUSY season and there is also a softball conference in Rapid City that same weekend. Do not wait...get registered today! I HOPE TO SEE YOU THERE!
- The **next Region 7 Membership meeting** is scheduled for June 4, 2021 (the usual first Thursday of the month meeting). We are earnestly trying to develop these meetings (and others to be scheduled) to be a time to see faces and learn some names while presenting useful information going forward. Todd Heaton, founder and manager of Humilitas First, has generously agreed to share his gift of knowledge and teaching at each first Thursday of the month meeting. These presentations will be about 30

minutes in length. Last month's presentation was recorded and shared (not by me) with a few members in Region 6 (the Great Lakes). They were so impressed that they asked to join us that night! (Don't worry Cindy about recording their names in the minutes. 😊)

- **Charlie Johnston** has requested we sincerely reach out to various organizations and people that share the core values of defending faith, family, and freedom. The next right step is to move out of our comfort zone.

VAERS (Vaccine Adverse Event Reporting System) Covid Report

As of May 14, 4,201 deaths and 227,805 injuries following the C-19 shot have been reported!

Broken down... those injuries are:

- 🔴 4,201 Deaths
- 🔴 12,625 Hospitalizations
- 🔴 29,707 Urgent care visits
- 🔴 39,153 Office Visits
- 🔴 1,070 Anaphylaxis
- 🔴 1,273 Bell's Palsy
- 🔴 1,390 Heart Attacks
- 🔴 328 Miscarriages
- 🔴 10,799 Severe Allergic Reactions
- 🔴 1,065 Thrombocytopenia cases

This week we saw an increase of 244 new deaths and over 108,903 new injuries reported! Remember that it is estimated that only 1% of vaccine adverse events are ever reported!! Which means that there is a possibility that the death count could be as high as 420,100...close to half a million deaths in less than 5 months!!! If this were any other product, it would have been halted months ago! Remember this is an experimental therapy!!! One of the problems is that few doctors, nurses, or patients know VAERS exists. Even if doctors do know about VAERS, they are attributing vaccine injuries to other causes! Finally, MSM is censoring adverse reactions and pushing the narrative that vaccines are "Safe & Effective!" VAERS is getting a lot more attention though because of covid due to a lack of any other public and functioning government tracking system!!

Here's a link to the Harvard Pilgrim study that found that "fewer than 1% of adverse vaccine events are reported"... [Electronic Support for Public Health–Vaccine Adverse Event Reporting System](#)

Another thing to consider about the accuracy of these numbers is that VAERS has a 3-month backlog!!!! Notice the VAERS chart below... there is a greater uptick of injuries reported this year and we are only 4 months in! [Home \(openvaers.com\)](#)

Communications

Ultra-basic communications involve connecting with others in your communities. The Faith, Family, & Freedom Conference is a great opportunity to do so!

[Basic Communications - Corps of Renewal And Charity \(corac.co\)](http://corac.co)

CORAC's Communication team is developing a series of amateur videos on effectively working with the Tecsun PL 880 receiver radio; all in the hope of shortening your learning curve. More information in the future.
